

CERTIFICATE OF DOCUMENT INTEGRITY

Document: Supplemental Informal Objection,
Comment and Consolidated Preservation
of Rights of Nickolai G. Bakken

Docket: ICFS File No. SAT-LOA-20260108-00016

Date Filed: March 15, 2026

Filename: Supplemental_Informal_Objection_Bakken_3-15-2026

File Size: 545 KB (558,818 bytes)

Hash Algorithm: SHA-256

Hash Value:

745A1091E3AFA194C74943D8E73343DB31E0AE256DD51359E84F7F5596EE06EC

The above hash was computed on the final version of the document immediately before upload to ICFS. Any party may verify the integrity of the filed document by downloading it from ICFS and computing the SHA-256 hash using any standard implementation. If the computed hash matches the value above, the document has not been altered since filing.

This Certificate is filed because the record of this proceeding documents that the Applicant's own certified record was modified after certification, that ICFS is hosted on a non-.gov commercial vendor domain, and that the first entry in the Pleadings and Comments record was uploaded by the Applicant itself. Under these circumstances, document integrity on this docket cannot be presumed. This document can be verified.

A copy of this document and this hash is also published on today's date at:
