I confirm receipt of your election. Space Bureau will process your FOIA request at this time accordingly.

Stephen Duall
Deputy Chief, Space Bureau
Federal Communications Commission
Direct: +1 (202) 418-1103

Dear Mr. Duall,

Thank you for your email. I appreciate the Bureau's follow-up and the confirmation that responsive records exist and that the Bureau has identified the scope of search required to locate them.

I elect to have the agency conduct its search within the two hours of free search time provided **for each of the three requests (six hours total)** under the applicable fee schedule.

I request that the Bureau produce whatever responsive records are located within that search time upon its completion, without waiting for resolution of any outstanding procedural matters.

I intend to file an Application for Review of the fee waiver denial issued today by the Office of General Counsel, pursuant to 47 C.F.R. Section 0.461(j) and 47 C.F.R. Section 1.115. I will consider whether to narrow the scope of any of the three requests in connection with that filing.

I do not authorize any fees beyond the free search time at this stage for any pending FOIA request and pending resolution of the fee waiver appeal.

Please confirm receipt of this election so that processing may proceed.

Respectfully,

Nickolai G. Bakken

Dear Mr. Bakken,

The FCC Space Bureau is following up regarding your FOIA requests nos. 2026-000479, 2026-000480, and 2026-000481 ("Requests"). Your Requests seek a wide array of records and information relating to various aspects of an open satellite application proceeding.

Because of the extremely wide scope of each of your Requests, we anticipate that the time required to perform a reasonable search for responsive records will substantially exceed the 2 hours of free search time (per each Request) to which you are entitled under the law. You did not specify an amount of money that you are willing to pay in fees on any of the Requests you submitted. Earlier today, under separate cover, the Office of General Counsel denied your requests for a waiver of fees. Accordingly, before we can process any of your Requests, we require information about the amount of fees you are willing to pay.

Please respond and indicate the amount of money that you are willing to pay in fees. Alternatively, you may elect to limit the agency's search to locate as many records as possible within the two free hours of search time that the law gives you per each Request. Please let us know your preference.

You can find more information about the agency's fee schedule on the FCC's website here: <https://www.fcc.gov/reports-research/guides/how-file-foia-request>

We look forward to hearing from you.

Stephen Duall
Deputy Chief, Space Bureau
Federal Communications Commission
